POLICE CAPTAIN PETERSON PREVENTS A MEETING.

Carl Browne of Cox's Army fame and Dr. C. O. O'Donnell were to have given an open-air meeting at the corner of Tenth and Broadway last night. But a large number of handbills announcing the fact, but one of the notices was placed in the hands of Captain of Police Peterson, who, upon investigation, found that men had not been given permission to speak, and if they did so, it would be a violation of a city ordinance. Captain Peterson sent word to Browne and O'Donnell that they must refrain from speaking, and as a result, the pair called at the City Prison last night to protest against the order, but they were told that arrest would follow if they attempted to hold an open-air meeting. They left the Hall and took up their stand where they were arrested to speak, but upon an order from the officer on beat immediately retired.

MORTALLY WOUNDED.

CANTON, Ohio, Sept. 26.—James Smith, aged 32, was shot and probably mortally wounded today by Melvin R. Smith, who was a street car conductor and Smith was a passenger. They had a conversation about closing a window.

YOUNG REPUBLICANS MEET AND CHEER DR. PARDEE

**Stirring Speeches Made by Young Party
Workers—Battlefield Veterans Declare
Loyalty to the Republican Ticket.**

There was a stirring meeting of the Young Men's Republican League at the County Committee headquarters, on Broadway, last night. R. H. E. Espey presided and Ray T. Baker acted as Secretary.

A number of rattling short speeches were delivered, all of them full of vim and vigor. Every mention of Dr. Pardee's name elicited rousing cheers. All the speakers predicted an enormous majority in this county for the Republican standard bearer, and expressed confidence in his triumphant election.

Among the speakers were Justice John W. Stetson, Frank W. Bilger, Everett J. Brown, George E. Jackson, Henry T. Stetson and George L. Stetson. As the gathering was primarily a meeting of workers, the talks turned largely on the necessity of the young men organizing and making active personal efforts to promote Republican success.

It was decided, with much enthusiasm, to equip and uniform a drill corps for the league to number forty. Twenty uniforms have already been ordered, and the money was pledged to order twenty more. Judge Stetson led in the movement to raise the additional funds necessary. Judge Stetson said:

"The Young Men's Republican League was in a position to do yeoman service for the Republican ticket and he believed that it would. The league members should not be satisfied simply to follow the band wagon but should get in and drive it. They should be a nucleus of the county in the movement to raise the additional funds necessary. Judge Stetson said:

As soon as he gets into town he will plunge actively into the campaign. He will make a thorough canvass of the three counties in his district, and may deliver a few speeches in the portion of the Second District that was formerly in the Third.

Although Mr. Metcalf has been off on a vacation for ten days, the Congressional campaign bureau is doing active work in mailing literature to the voters throughout the State. This work is proceeding under the direction of Fred M. Campbell, who keeps in close contact with Mr. Metcalf. The hardest fights on Congressmen are in the First, Fourth, Fifth and Sixth districts. In the other four the election of the Republican candidate is beyond doubt. Congressman Loud and Needham are in the greatest jeopardy, though the Republican managers are confident both will pull through.

**REV. WM. NAT FRIEND
IN A NEW ROLE.**

The editor of the "Colorado Transcript" (Democrat), published at Golden, Colorado, carrying Senator Teller's name at its masthead, says: "The editor of this paper purposes making a visit to Kansas City and other places, probably at the end of this week, and will be away two or three weeks. During our absence, P. M. Peterson, foreman, will have charge of the business and local end of the combination, and Rev. Wm. Nat Friend has kindly consented to take charge of the religious and political interests of the paper. With this combination of talent we see no reason why we cannot absent ourselves indefinitely."

**EDITORS ARE
HELD FOR TRIAL**

SAN FRANCISCO, Sept. 26.—The preliminary hearing of the suit of Louis B. Enders, publisher of the "Morning Call," for libel of Governor Gage in connection with the San Quentin prison frauds, came to a startling and rather unlooked for termination in Judge Fritz' court this afternoon.

The defense rested its case. The court stated that while the Call had undoubtedly shown great irregularities and corruption in the conduct of affairs at San Quentin, it had not, in its defense, sufficiently connected Governor Gage with direct complicity in the corrupt practices existing at San Quentin to warrant a decision in favor of the defense, and as he had stated in his opening address that unless the proof against Governor Gage was absolute, he would have to pass the matter up to a higher court, the court therefore held the defendants to appear in the Superior Court and fixed their bail at \$100,000.

**THEY WERE MARRIED

That CLEAN-UP A Most Remarkable Showing.

Almost as many instruments have been sold during the past six days as are usually sold during an ordinary month.

Last Saturday we advertised a cleaning up of a number of pianos and organs, and published a list of a few of them, quoting prices, terms, etc. (which were so ridiculously low that we have actually had our hands full and stores, too) ever since.

More than twenty (20) instruments have been sold since that time, which is certainly proof that Alameda county people appreciate a legitimate piano bargain.

We have about the same number of instruments yet to be sold, and every one of them is a Simon-pure bargain.

Every instrument fully warranted, and further will be taken back at any time within five years and full purchase price allowed in part payment of any new piano you may select.

BURGLARS BLOW OPEN A COMPANY'S SAFE
BOLD ROBBERS CAPTURE POLICEMEN AND TIE THEM TO POST.

YOUNGSTOWN, Ohio, Sept. 26.—A gang of burglars early today blew the safe of the Beechwood Improvement Company of South Sherron, Pa., and secured \$400 in cash. After robbing the safe the men, four or five in number, were first seen by Policeman Newton Stemp, whom they overpowered, bound and gagged. George Haynes, another policeman, was knocked down and tied to a post, and Policeman Saylor kept up a running fight with the men for some distance, but they finally escaped. The men were heard to remark that they would attempt to blow the safe of the Colonial Trust Company's Bank and a ladder was found near a window, but no attempt was made. The men escaped toward West Middlesex and are supposed to be in the vicinity of Newcastle.

HE TOLD ABOUT PRES. ROOSEVELT
BERKELEY, Sept. 26.—Frank Otis, president of the Alumni Association of the University of California, and F. H. Wheelan, president of the University Club of San Francisco, were the speakers at the bi-weekly University meeting held this morning in the gymnasium.

Mr. Otis urged the students to acquaint the people of the State with the needs of the University and particularly the members of the coming Legislature. He briefly compared the University of today with that of twenty-nine years ago, when he took his degree.

Mr. F. H. Wheelan spoke of President Roosevelt as a college man. The two were classmates together in Harvard, both graduating with the class of '80. In part, Mr. Wheelan said: "President Roosevelt is the best example of a self-made man that I know. From a puny college Freshman he made himself into a strong man, able to do a strong man's work. Without natural literary ability he made for himself a literary reputation. Without special ability as a speaker, he has developed into an orator."

His burns were promptly attended to, and with good nursing he hopes to be out in a few days without scars.

NO CHANGE TO SETTLE THE STRIKE

ABOUT EIGHT HUNDRED MEN ARE NOW OUT OF EMPLOYMENT.

LEBANON, Pa., Sept. 26.—There is no sign of a settlement of the strike at the American Iron and Steel Company's plant. The modified offer of the striking employees includes the discharge of the Southern negroes brought here to take the strikers' places and to this President Sternberg has so far refused to accede. It is rumored that Pinkerton detectives have arrived to investigate the promiscuous shooting. It is said they may cause the arrest of inmates of houses near the works and cause them to explain why pistol shots issued from their homes Sunday and Monday nights. There are now about 1,250 men and boys at work at the plant.

The men who remain out number about 800. Soldiers are guarding the works and all is quiet.

OAKLAND TRIBUNE

THREE GOOD JUDGES

Good judges should not be changed for light reasons. The incumbent of a judicial office who has dealt out justice fearlessly and impartially has a claim on public consideration that no untied man has, no matter what may be his character and attainments. The best guarantee of uprightness and independence on the bench is the continued recognition of judicial duties performed in consonance with the letter of the law and the spirit of justice.

We do not elect men judges because they are good fellows, or in need of a lift, but because they can be relied upon to construe the law with ability, courage and righteousness. If the bench be able and upright the rights of persons and property are secure. The bulwark of liberty is an incorruptible judiciary.

Alameda county is fortunate in this respect. Her judges have the confidence of the community, and the respect of the bar. For that reason law and justice do not have separate meanings here. Having a capable, clean and honorable bench, it is wise to preserve it.

Three of the incumbents of the Superior Bench have been renominated by the Republicans. All are men widely known in this community. All have had experience, and have stood the fire test. In point of service on the bench and in years, Judge Melvin is the youngest, but he has lived all his life in this community, and his history is a familiar story. From his boyhood he was clever, studious and ambitious, and he proved his fidelity in whatever position he found himself while striving steadily for honorable advancement. As Deputy District Attorney he made his mark, and on the bench he has exhibited discretion, firmness and a large grasp of legal principles.

Judge Greene has occupied a seat on the Superior Bench for over twenty years. Only Judge Hunt of San Francisco equals his record of judicial service in a single county, but even Judge Hunt has not had as many years of experience as a trial judge as has Hon. W. E. Greene. It seems needless to point to the record of a man who has been four times elected Superior Judge of Alameda County. That fact alone is the highest testimonial that could be given of his fitness. Judge Greene's fearlessness on the bench has passed into a proverb. His firmness has no suppleteness in its quality.

Last of the three, but inferior to neither of his compeers in legal attainments, judicial poise and devotion to duty, is Hon. Samuel P. Hall. His life, too, is an open book in this community. It is without stain as his judicial record is without blemish. No one expects more than his due from Judge Hall, and no man fears that he will receive less than the full measure of justice at his hands. There is no lawyer who practices at the Alameda County Court, but places implicit trust in the ability of Judge Hall's intention. His thoughtful dignity speaks the man who respects himself and his office, and who honors himself by bearing to himself so that the duties and dignity of a judicial function are not lowered in the eyes of men.

These are the three jurists now before the public for re-election. If any substantial reason exists for the displacement of either, it has not been made public. It is wise to retain all three on the bench, and we have no doubt the voters will so decide.

Franklin K. Lane has been telling the people of the southern part of the State some highly seasoned yarns about what he is going to do up this way. One of his cheerful stories is to the effect that he will carry San Francisco, 15,000 and that Dr. Pardee's name in Alameda county will be known to 2,000. It is a question whether somebody is stuffing Mr. Lane or whether he is stuffing the ten feet south of Tehachapi, but it is evident a heavy tax is being laid on some of his credulity. However, Mr. Lane should remember what the Good Book says about boasters. He had better do his shouting after the returns are in, and hold his peace.

It is rather odd to find so intelligent a newspaper as the Sacramento Record-Union placing Mr. Metcalf in the Stockton district. Alameda and San Joaquin have not been in the same Congressional district since James H. Budd defeated Frank Page in the memorable buckboard campaign of 1882.

APPRAISERS APPOINTED.

E. Fagan, D. H. Lavens and S. P. Schilling have been appointed to appraise the estate of Elmer G. McCoy, a Benjamin P. McCoy, minors.

BIRTHS REPORTED.

A son was born to the wife of Everett C. Ames, the attorney, at 1132 Adelaide street, on September 1st.

COMMITTEES FIX THE TAX LEVY

ORDINANCE AND JUDICIARY RECOMMEND THAT IT BE \$1.26 PER YEAR.

The Ordinance and Judiciary Committee of the City Council last night fixed the tax levy for the next fiscal year at \$1.26. This includes the \$1 limit as provided by the charter, 13 cents for bond redemption and interest and a special tax of 11 cents for the High School.

The committee also recommended to the Council that one of the chemical engines to be purchased by the Fire Department be stationed in the vicinity of Linda Vista and the other between Temescal and Golden Gate.

The tax levy for the several departments as framed by the committee, and which will be presented at a special meeting of the Council tonight, is as follows:

General Fund, 6 cents; Salary Fund, 10 1/2 cents; Fire Fund, 19 1/2 cents; Police Fund, 14 cents; Street Fund, 18 1/2 cents; Sewer Fund, 3 cents; Park Fund, 1 1/2 cents; Fire and Police Telegraph Fund, 2 1/2 cents; High School, 3 cents; Evening School, 1 cent; Library Fund, 1/2 cent; Street Lighting Fund, 1 1/2 cents; Printing Fund, 1/2 cent; Advertising, 1 1/2 cents; Fireman's Relief and Pension Fund, 1 cent. The levy on the several funds makes a total of \$1.26, of which \$1.15 is for bond redemption and 11 cents for the special tax on the High School.

DIVISION MEETING

SONS OF VETERANS.

The Division Council of California, Sons of Veterans, met at San Jose September 13. Captain W. H. Collins of this city was elected chairman.

Phil Sheridan Camp, No. 4, was visited by the division officers the same evening. After the meeting all present adjourned to one of the best restaurants of the city, where all enjoyed a banquet.

On Tuesday evening, September 23, a delegation from Colonel E. D. Baker Camp, No. 1, visited Berkeley to assist Lookout Mountain Post, G. A. R., in organizing a new camp. About twenty-five people have agreed to sign the new charter.

PETTY LARCENY CHARGES

HAVE BEEN DISMISSED.

With two charges of petty larceny to answer for, S. M. Montgomery, a mining man who is in the Police Court for trial. He was accused by C. F. Salomonson and Carl Larsen with having appropriated \$100 that they had given him to invest in some mining stock. On the motion of Prosecuting Attorney Leach the charges against Montgomery were dismissed by acting Judge Quinn, as Montgomery exhibited a power of attorney signed by the complaining witnesses some time previous to the alleged transaction for which the defendant was arrested.

WILL OF GEORGE HARMS

FILED FOR PROBATE.

The will of the late George Harms, an Alameda wholesaler liquor merchant, was filed for probate yesterday by his widow, Lena Harms. The instrument disposes of \$30,000 worth of property, the income of which is to go to the widow during her life or until she marries.

After her death or marriage the property is to be equally divided among his two children, George H. Harms and Helena J. Harms.

HAWES BRINGS SUIT

AGAINST CALLAHAN.

B. C. Hawes, as public administrator, has brought suit against Michael Callahan, the East Oakland capitalist, for the recovery of \$941, alleged to belong to the estate of the late Frank McGuire, the aged boatman, who died a year ago under peculiar circumstances at Fruitvale. Callahan claims that McGuire gave him the money before the latter's death. Hawes is suing on behalf of the creditors of the estate.

AWARDS TITLE TO

BIG PIECE OF LAND.

Judge Greene has vested the title of the "Michael Brady Tract," consisting of 159 acres of land on Mary Brady, James and Kate Brady. They brought suit against John A. Benson, the Central Pacific Railroad Company and others to quiet title. There was no contest of the suit.

MARRIED AT NOON.

A pretty wedding took place yesterday at noon, the bride being Miss Ella E. Irving and the groom George W. Manning. The ceremony was performed by Rev. Father King of the Church of the Immaculate Conception. Miss Irving is a charming young lady. Mr. Manning is a young business man of San Francisco. The best man was George Munster. Miss Nettie Scott was maid of honor. The bride's dress was a creation of silk crepe de chine made over with silk and point lace trimmings, with a large picture hat. Miss Scott's dress was of blue crepe de chine with a white felt jaunty hat. After the ceremony there was a breakfast and reception at the home of the bride's mother, Mr. and Mrs. Manning departed for the south amid a bountiful shower of rice.

INTERTEMPERANCE BREAKS UP NUCKALLS' HOME.

Grace Nuckalls was granted a divorce by Judge Greene today from George B. Nuckalls on the ground of habitual intemperance. They were married at Paso Robles in 1892. The wife is allowed to resume her maiden name of Grace Derringer.

SENATOR PERKINS.

Senator Perkins will be re-elected; that is a foregone conclusion. The Republican Party will do well when it returns him to his seat in the Senate, as it will do. But it must see to it also that the Senatorial delegation from California is backed in the House of Representatives by a delegation of men equal to the task and best fitted for the responsibility. There is no outfitting for it that can equal experience. With six out of the eight nominees of the party tried men, experienced by one or more terms, and two from districts in which it was impossible to nominate incumbents but in which the party has set forward capable, able and sterling citizens, commanding respect wherever known, California can do herself no greater political good than by confirming at the polls the action of the Republican Party in the Congressional conventions—Sacramento Record-Union.

THEY WILL MARRY.

Alfred L. Pariser, son of Mr. and Mrs. J. A. Pariser of 224 Central avenue, Alameda, will be married next Tuesday evening at the home of the bride's parents, 1556 Larkin street, San Francisco, to Miss Marie L. Burnett, Rev. W. C. Pond of Bethany Congregational Church will officiate and the ceremony will be witnessed by relatives of the contracting parties only. The bride and groom will be unattended. Mr. and Mrs. Pariser will go to Southern California on their wedding trip, and upon their return will reside in San Francisco until the completion of the residence being constructed for their occupancy on Alameda avenue in the island city. Mr. Pariser has many friends here, and the bride-elect is popular in social circles.

SUCCESSFUL DANCE.

A highly successful dancing party was given last Wednesday evening by Albert Parlor, No. 16, N. D. G. W. at their rooms in Macabee Temple. The guests numbered nearly a hundred, and very pretty gowns were in evidence. Refreshments were served in the banquet hall at which dancing was resumed until midnight.

MARRIED IN NEVADA.

The announcement of the wedding of Mrs. Augusta Myers, daughter of Judge E. M. Gibson, and John W. Campbell, also of the city, was made by the friends of their Oakland friends. The ceremony, which took place in Reno, Nevada, was performed on the high altar. After a honeymoon spent in the Santa Cruz mountains, the bride and groom will return to San Francisco, where their future home will be.

PERSONAL.

Mr. and Mrs. Ed P. Baggot returned Monday from an extended trip to Long Beach, Washington, and other interesting points in Washington and Oregon.

INTERTEMPERANCE BREAKS UP NUCKALLS' HOME.

Grace Nuckalls was granted a divorce by Judge Greene today from George B. Nuckalls on the ground of habitual intemperance. They were married at Paso Robles in 1892. The wife is allowed to resume her maiden name of Grace Derringer.

SENATOR PERKINS.

Senator Perkins will be re-elected; that is a foregone conclusion. The Republican Party will do well when it returns him to his seat in the Senate, as it will do. But it must see to it also that the Senatorial delegation from California is backed in the House of Representatives by a delegation of men equal to the task and best fitted for the responsibility. There is no outfitting for it that can equal experience. With six out of the eight nominees of the party tried men, experienced by one or more terms, and two from districts in which it was impossible to nominate incumbents but in which the party has set forward capable, able and sterling citizens, commanding respect wherever known, California can do herself no greater political good than by confirming at the polls the action of the Republican Party in the Congressional conventions—Sacramento Record-Union.

THEY WILL MARRY.

Alfred L. Pariser, son of Mr. and Mrs. J. A. Pariser of 224 Central avenue, Alameda, will be married next Tuesday evening at the home of the bride's parents, 1556 Larkin street, San Francisco, to Miss Marie L. Burnett, Rev. W. C. Pond of Bethany Congregational Church will officiate and the ceremony will be witnessed by relatives of the contracting parties only. The bride and groom will be unattended. Mr. and Mrs. Pariser will go to Southern California on their wedding trip, and upon their return will reside in San Francisco until the completion of the residence being constructed for their occupancy on Alameda avenue in the island city. Mr. Pariser has many friends here, and the bride-elect is popular in social circles.

NILES TRUE TO REPUBLICANISM.

Candidates of Party of Progress Speak to Many Admirers in the Heart of the County.

NILES, Sept. 26.—This place was captured by the Republican county candidates last night. The people of Niles and the immediate vicinity turned out en masse to welcome the nominees and campaign spell-binders. A huge bon-fire and a brilliant display of fireworks were the accessories which preceded the opening of the meeting in Odd Fellows' Hall. The place was packed with voters, standing room being at a premium even in the hallway. The candidates were given a splendid ovation as they took their seats upon the platform. Among the nominees who were present were: Judges Greene, Hall, Melvin, Arthur Feidler, candidate for County Treasurer; John Mitchell, candidate for Assessor; James Barber, nominee for Tax Collector; John P. Cook, candidate for County Clerk; John J. Allen, nominee for District Attorney; Dr. C. Prather, candidate for Coroner; E. C. Prather, nominee for County Surveyor; H. Lynch, nominee for County Superintendent of Schools; and Robert Greig, candidate for County Recorder.

JUDGE GREENE.

The honor of opening the meeting fell upon Judge Greene, the veteran jurist. He said: "This meeting, as I understand it, was called for the purpose of enabling the nominees of the Republican County ticket to present themselves before the people of Niles. I don't believe the people will be disappointed when they look upon those who are seeking suffrage at your hands."

"I have always been a Republican. As one of the Judges of the Superior Court I have been the servant of the people for twenty-three years. For this honor I have not only the Republican record but the endorsement of other parties as well. If my conduct in office has met with the approval of the voters in this county, I trust that I will be returned to the high office of a judge."

"Any campaign speech would be incomplete without reference to my two colleagues, Judge Hall made a brilliant record as District Attorney for three terms. As a Judge he has been conspicuously able, just and upright. The judiciary of the State will lose a valuable jurist if the voters do not return S. F. Hall to the bench."

"Judge Melvin, although he has occupied the bench only two years, is equally deserving of your attention. We know him for many years, and will say that he has made one of the best prosecutors the county has ever seen. His qualifications necessary for a good Judge from my long service. I will say that both Judges Melvin and Hall are richly endowed with the qualities which go to make up good Judges."

JUDGE HALL.

It fell to Judge Hall to tell the people assembled of the virtues of the candidates on the ticket. This he did in an impressive way. Each of the candidates was extolled by the Judge and the reason why they should be elected to office was set forth.

Incidentally, Judge Hall nailed a competitor of his which has been in circulation to the effect that forty per cent of the cases appealed from the Alameda Superior Court were reversed by the Supreme Court. In this relation, he said:

"I have known Judge Greene for twenty-five years and know that the number of times which he has been reversed is remarkably few during his long occupancy of the bench. In my own case, I have kept a record of the appealed cases and can tell you that the percentage of reversals. Out of thirty cases appealed from my department twenty-five have been affirmed, and five reversed. Of these five cases, the Supreme Court was divided upon. Another, the Brandes' case, was reversed owing to the instructions. These instructions had been in use for forty years and were thought to be good. The percentage of reversals is, however, only sixteen per cent, which will compare favorably with any Superior Court in the State of California. Judge Melvin, to my knowledge, has not been reversed at all. There are several cases pending in the Supreme Court, but I venture to say that he will be sustained."

JOHN ALLEN.

District Attorney John J. Allen was the next speaker. He was received with cheers. He said in part:

"There is one thing which makes me proud of this splendid nation of ours. There is no office too high for even the lowliest citizen to aspire to. When I read history in preparation for the profession of law, I noted one fact which struck me with peculiar emphasis. That fact was that the prosperous periods of our nation have all fallen in Republican administrations. I am satisfied with the party which has given us the prosperity of the last six years. I am satisfied with the party which has produced such magnificent men as Lincoln, Grant, Garfield and the sainted McKinley. The Republican Party stands alone in the matter of achievement. I believe the voters will recognize this fact and vote the ticket straight, from

George C. Pardee to the candidate for Constable."

JUDGE MELVIN.

Judge Harry Melvin's name brought cheers to the lips of the spectators. He put the audience into a thoroughly good humor by telling two of his inimitable stories. He said in part: "Some people are telling you that there are no local issues in this campaign and you remember when General Hancock told the voters that the tariff was only a local issue and had nothing to do with the prosperity of the country. You remember the answer that was given to him by the voters. It is just as ridiculous to say that issues in this campaign are local as to say that the tariff was a local issue. The Republican party, and the prosperity which it stands for, is dependent upon the people keeping the States loyal to the party. We will only have done our duty when we have elected that splendid Native Son, George C. Pardee, when you have returned the magnificent statesman, Victor Metcalf, to Congress, when you send the profound legislator, George C. Perkins, back to the Senate, and when you have elected the entire State and county ticket to bottom."

JOHN P. COOK.

John P. Cook was next called upon. He was given an ovation. He took the occasion of silencing a campaign lie which is being circulated in some quarters with unusual vigor. He said: "I want to tell the voters of this district a few things they are entitled to know. In justice to the nominees on the county ticket and in justice to the delegates who placed them on the ticket, I want to contradict a story that has been put in circulation to the effect that three men, by name, Eugene Kelley, myself, and Judge Melvin, have secured a solid delegation at the primaries. You know how much programming was done for your fellow-townsmen, Harry Lynch, and Robert Greig, for Superintendent of Schools. He had a delegation behind him selected by yourselves. Robert Greig was nominated for County Recorder because he had the Berkeley party behind him. I named the ticket I utterly unfounded and untrue."

JAMES BARBER.

Tax Collector James Barber was given an enthusiastic welcome when he arose to speak. He said in part: "Judge Hall, in presenting my claims to you for re-election, dealt very kindly with me. He said he believed me to be in my own behalf. The people have honored me before. I cannot go behind my record. I am willing to stand by it. I wish, however, to urge you to elect me to office. There are good men upon it, and confidence in them, I am certain, will be justified by an honest and progressive administration."

J. CAL EWING.

County Attorney Cal Ewing was the next speaker. He delivered a short but effective address, which was given much applause. He said in part: "I will ask of the voters to stand by Alameda's two favorite sons, George C. Pardee and Victor Metcalf. I believe the candidates whom you have already listened to have impressed you as being the best men for the job. I claim the claim of the party for your support is one which it would be hard to deny. You have heard me say, and I believe you have had no reason to change your opinion. I believe the State ticket from top to bottom. You vote the ticket from top to bottom."

HARRY LYNCH.

Harry Lynch, candidate for Superintendent of Schools, was lastly called upon. He arose to speak. He said: "I have been with you from boyhood. If you are acquainted with me by this time nothing I can say this evening will change your opinion. I just want to say to you that I am not a politician. I have no foundation in the cry of machine politics. I know that I have never exceeded from me, and I don't believe any of the other candidates were called upon for pledges."

JOHN MITCHELL.

Supervisor John Mitchell won his audience by a couple of well told stories. He made an eloquent appeal to the voters to stay by the party of progress. He said in part: "My friends, this is a time when vigilance is required. They may tell you that in county politics nothing but local issues should count. Judge Melvin has proved to you the folly of that. The county is a part of the whole. It is necessary to support the county ticket, so that it will be solidly Republican. With out the Republicans, what would the country be? I will make you as good an assessment lies with my power. I have been before the people before, and do not fear the result."

E. C. PRATHER.

E. C. Prather, candidate for County Surveyor, was well received. He said in part: "If the people of the county want the prosperity, I noted one fact which struck me with peculiar emphasis. That fact was that the prosperous periods of our nation have all fallen in Republican administrations. I am satisfied with the party which has given us the prosperity of the last six years. I am satisfied with the party which has produced such magnificent men as Lincoln, Grant, Garfield and the sainted McKinley. The Republican Party stands alone in the matter of achievement. JUDGE MELVIN.

Judge Harry Melvin's name brought cheers to the lips of the spectators. He put the audience into a thoroughly good humor by telling two of his inimitable stories. He said in part: "Some people are telling you that there are no local issues in this campaign and you remember when General Hancock told the voters that the tariff was only a local issue and had nothing to do with the prosperity of the country. You remember the answer that was given to him by the voters. It is just as ridiculous to say that issues in this campaign are local as to say that the tariff was a local issue. The Republican party, and the prosperity which it stands for, is dependent upon the people keeping the States loyal to the party. We will only have done our duty when we have elected that splendid Native Son, George C. Pardee, when you have returned the magnificent statesman, Victor Metcalf, to Congress, when you send the profound legislator, George C. Perkins, back to the Senate, and when you have elected the entire State and county ticket to bottom."

JOHN P. COOK.

John P. Cook was next called upon. He was given an ovation. He took the occasion of silencing a campaign lie which is being circulated in some quarters with unusual vigor. He said: "I want to tell the voters of this district a few things they are entitled to know. In justice to the nominees on the county ticket and in justice to the delegates who placed them on the ticket, I want to contradict a story that has been put in circulation to the effect that three men, by name, Eugene Kelley, myself, and Judge Melvin, have secured a solid delegation at the primaries. You know how much programming was done for your fellow-townsmen, Harry Lynch, and Robert Greig, for Superintendent of Schools. He had a delegation behind him selected by yourselves. Robert Greig was nominated for County Recorder because he had the Berkeley party behind him. I named the ticket I utterly unfounded and untrue."

JAMES BARBER.

Tax Collector James Barber was given an enthusiastic welcome when he arose to speak. He said in part: "Judge Hall, in presenting my claims to you for re-election, dealt very kindly with me. He said he believed me to be in my own behalf. The people have honored me before. I cannot go behind my record. I am willing to stand by it. I wish, however, to urge you to elect me to office. There are good men upon it, and confidence in them, I am certain, will be justified by an honest and progressive administration."

J. CAL EWING.

County Attorney Cal Ewing was the next speaker. He delivered a short but effective address, which was given much applause. He said in part: "I will ask of the voters to stand by Alameda's two favorite sons, George C. Pardee and Victor Metcalf. I believe the candidates whom you have already listened to have impressed you as being the best men for the job. I claim the claim of the party for your support is one which it would be hard to deny. You have heard me say, and I believe you have had no reason to change your opinion. I believe the State ticket from top to bottom. You vote the ticket from top to bottom."

LABOR RALLY IN THE ENCINAL

CANDIDATES HOLD AN ENTHUSIASTIC MEETING IN ARMORY HALL, ALAMEDA.

ALAMEDA, Sept. 26.—The Union Labor party held a most successful meeting in Armory Hall last night. There was a large attendance and some strong speeches were made. There was much enthusiasm. C. W. Von Radesky called the meeting to order and presided.

F. W. Hally, nominee for the Assembly from the district, was the opening speaker. He pledged himself to abide by the instructions and wishes of the party if chosen to represent the district in the Legislature.

Sam Frank, nominee for Supervisor from the Third District, made a similar pledge.

The principal address was given by F. G. Merrill, who discussed the issues of the campaign in an interesting manner. Other speakers in order of address were: P. S. Cone, nominee for Justice of the Peace, and the other candidates on the local ticket. The candidates will visit West Berkeley tonight.

DR. PARDEE IS GIVEN A GRAND RECEPTION.

Republican Candidate Receives an Ovation on His Way South— Mrs. Pardee in the Party.

A dispatch from Fresno last night gives the following account of Dr. Pardee's tour:

"Dr. George C. Pardee, the Republican standard bearer, passed through Fresno this afternoon bound for San Diego, where he is to deliver an address tomorrow night. With him were Mrs. Pardee, who is to remain with her husband during his tour of the southern counties, and Duncan E. McKinlay, the entertaining and eloquent Republican speaker, who will be the gubernatorial nominee's traveling companion until the close of next week, at least.

"Mrs. Pardee is the guest of Republican ladies at each place where a stay is made. At Sacramento the wives of several State officials looked for her comfort, and she was loaded with flowers. The last bouquet was handed to her this morning as she was leaving the Capital City, the big bunch of lovely carnations being sent to her with the compliments of the Republican County Committee of Sacramento.

"At Stockton a crowd of enthusiastic Republicans hastily assembled at the depot to greet Pardee. The train made only its usual stop of a few minutes there, but all who could shook hands with the candidate. He was cheered heartily when he stepped out of the car to meet his Stockton friends. In the gathering were Dr. G. S. Harkness, chairman of the Republican County Committee of San Joaquin; J. La Rose Phelps, the editor of the Stockton Independent; Assemblyman F. E. Dunlap; Dr. Asa Clark, the asylum superintendent; C. M. Kenniston, a delegate to the State convention that nominated Pardee; Dr. F. P. Clark; W. C. White, Jacob Simon, Carl Simon and other men of local prominence.

"At Lathrop State Senator A. E. Muenter and other Republicans from the surrounding country were waiting for the man who is leading their party in this campaign, and they expressed their pleasure at seeing him. E. A. McFadden, who has known the future Senator since boyhood, introduced him to the group to him. A rousing reception is promised to Dr. Pardee in the San Joaquin valley when he comes to speak.

"At Fresno he was met at the depot

ACTIVE SEASON IN WORLD OF SPORT.

Games on the Diamond, Fights in the Ring and Races in the City of the Angelenos.

The great welter-weight fight between Al Neill and Young Peter Jackson takes place at Woodward Pavilion, San Francisco, tonight.

The betting is 10 to 8, with Jackson favorite. If the boxers decide to set a fast pace the bout should prove an interesting one. In past fights Jackson has invariably taken a lot of punishment in the earlier stages, and has then sailed into his opponent when the latter began to tire from his efforts.

Jackson has fought Philadelphia Jack O'Brien, Joe Walcott and other hard hitters, but none of them has been able to put him down. He is in the best of condition, but will have no advantage over Neill in this respect. The latter has paid particular attention to his training and has no excuses to offer. Spider Kelly will be in his corner.

The selection of a referee was quickly disposed of yesterday. Eddie Graney was the first mentioned and proved acceptable to both parties.

ONLY TWO HITS BY THE ANGELS.

WORK DONE BY COOPER AT
THE GAME PLAYED
YESTERDAY.

Cooper demonstrated what he could do in the game between the Angels and the Lohmanites at Recreation Park yesterday afternoon. Only two hits were garnered of Lohman's most recent importation, and those were of such a trifling order that Morley's hired men never had a chance to score. In the nine innings Wheeler was bumped for seven hits and his team-mates made a showing in the error line that brought in runs.

Merideth was given an awful drubbing by the Senators at Sacramento yesterday. Eighteen times they found his curves, and ten runs were their record for the nine innings. At that the Ponies sent nine men galloping over the rubber, and with any kind of luck should have won the game hands down. The runs and hits by innings tell what happened to Merideth:

RUNS AND HITS BY INNINGS.	
Sacramento	3 0 3 1 1 0 1 0 1-10
Base hits	4 2 4 2 2 0 1 1 2-18
S. P.	0 3 0 2 0 0 1 1 9
Base hits	0 3 2 0 2 0 1 2 1-11

SUMMARY.
Home run—Eagan. Three-base hits—Hildebrand, Graham. Two-base hits—McLaughlin, Eagan, Unglaub. First base on errors—Sacramento 4, San Francisco 4. First base on called balls—Off Stricklett 1, off Merideth 3. Left on bases—Sacramento 11, San Francisco 6. Struck out—By Stricklett 3, by Merideth 2. HARBOR BOAT RACES ON SUNDAY NEXT

ALAMEDA AND DOLPHIN CLUBS WILL STRIVE TO SETTLE AN OLD SCORE.

Next Sunday morning there will be boat races in the harbor to settle the dispute which arose over the decision given in the contests between the same people on July 4th. These will be between Ayres of the Alameda club and Baker of the Dolphin club, and Thornling of the Alameda, and Sherry of the Dolphin.

The course will be three-quarters of a mile due west from the club house of the Alameda club on Oakland harbor. This will give a mile and a half with a turn.

The officials so far appointed are: T. I. Fitzpatrick, referee; J. Foley and C. Jenkins, judges. The other two judges will be selected at the course on the day of the race. Baker and Sherry have been training in the harbor, starting out from the East Oakland side.

HARRY FOLEY TO MEET TREMBLE NEXT MONTH

FRANK GEORGE WILL APPEAR IN ONE OF THE EARLY ENGAGEMENTS.

When Harry Foley and Ben Tremble meet at the Reliance Club on the 7th of October, they will doubtless be greeted by one of the largest houses the club has ever handled. This will be caused by three things. The people who follow boxing like middle-weight contests when the men are known to be good. They know that Foley and Tremble are both good men who will put up a great contest and the club has won the confidence and support of the public by giving some excellent fights in connection with which there has never been the least shadow of suspicion of any faking. When people pay their money to see a fight they want a run for it. That is just what they get at the Reliance and they know it.

By his remarkable show of pluck and endurance in his go with Toby Irwin, Frank George won the plaudits of the large crowd in attendance. Many claim that, with good seconds behind him, the result might have been different. He wants a return match with Irwin and to show that he is ready to fight at any and all times he has agreed to meet Frank Rafael in the preliminary to the Foley-Tremble go. Rafael is a good man. He deplores the

fact that he lost to Fuller on a foul as it is the first time in his career he has ever been accused of anything approaching foul tactics. To show the people that he intends to do the right thing he has agreed to take the preliminary. It has been agreed by the club management that the winner will be given a main event with Irwin for November if Britt does not take the offered bout.

Kid McFadden has gone to San Rafael where he will help Frank Rafael to get in condition for the 7th. After that date Rafael will train the kid for his go with Eddie Hanlon which is to take place at the Reliance Club October 31st. Hanlon will train Foley for his bout with Tremble. Foley will then direct the work of the popular little boxer. They will take up their quarters at Croll's gardens in Alameda after the Neill-Jackson fight this evening.

OFF TO THE RACES AT LOS ANGELES

MANAGER BROOKS LEAVES TO ATTEND THE SOUTHERN FAIR MEETING.

The running stakes of the Los Angeles Fair meeting have filled particularly well and the promoters of the affair are jubilant over the prospects of good sport. Particular interest is lent to some of the events by the fact that McChesney and Bon Mot are entered. McChesney is by Macduff-Manola, Mason, and his recent performances around Chicago, have earned for him the distinction of being the grandest 2-year-old in the West.

Manager Brooks, who leaves this city tomorrow for the scene of activity, reports that all fees have been paid on behalf of both McChesney and Bon Mot, and that they will surely start in the stakes for which they have been entered. A glance at the subjoined list will show that they are entered in the Los Angeles Derby at a mile and a furlong, the Santa Monica handicap at a mile and a sixteenth and the Catalina Handicap at a mile.

The fair meeting will begin on October 11th and will last two weeks. It will be a mixed meeting, several important business events being included in the program.

MIHRAN'S PALACE OF ORIENTAL ART.

Oriental in its splendor and splendid in its interior is the store of M. B. Mihran at 205 Post street, San Francisco, which is striking opening today and tomorrow.

Mr. Mihran has been known to the patrons of California for many years, and the announcement of his opening was sufficient to attract to his store today the leaders of society and the representative families of wealth from every county adjacent to the bay of San Francisco.

This year Mr. Mihran has eclipsed any of his previous efforts in the way of selections. The three-story building which he occupies in the city has been converted into what might be termed the Acme of Persian, Turkish and Arabian decorative architecture. On entering, one would think that he was coming into the celebrated mosque of Saint Sofia, or that he was in the sweet and well-known strains so dearly loved by all who have seen the edifice.

In another room are displayed the rarest specimens of art ever found in both the marts of Asia and Europe. This is a special feature, and to have even the privilege of inspecting this is a rare treat.

Furniture, rugs, tables, chairs, writing desks, tabarets from Asia, Persia and Turkey greet one's eye in every part of the building. The patterns and designs are so varied as to render a description of them a tedious task. One must visit the store to obtain an adequate idea of the quality of the articles of splendor which Mr. Mihran has to please the eye of the artist. Surely those who have an eye to art will be dazzled by this display which Mr. Mihran has ever made in San Francisco.
